

## ERRATUM

### **Search for new physics in events with opposite-sign dileptons and missing transverse energy with the CMS experiment**

Daniel Sprenger (on behalf of the CMS Collaboration)

EPJ Web of Conferences 28, 12011 (2012)  
DOI: 10.1051/epjconf/20122812011

1. In Section 4.2, please replace the number signal events that is extracted in the signal region, “ $1.0 \pm 3.2$ ”, with the correct number of extracted signal events, “ $8.4 \pm 7.7$ ”, as correctly stated in Figure 2.
