Subject: Statement of Peer-Review for the publication of FUSION 2014 proceedings

Dear publishers,

Dr. Cédric Simenel

Department of Nuclear Physics
Research School of Physics and Engineering
The Australian National University

T +61 2 6125 1309
cedric.simenel@anu.edu.au

All contributions to the FUSION 2014 proceedings have been peer-reviewed by anonymous international experts (one referee per contribution) according to international standards and practices. The referees were chosen by the International Editorial board (C. Simenel, P. R. S. Gomes, D. J. Hinde, N. Madhavan, A. Navin, K. E. Rehm) nominated by the International Advisory Committee of FUSION conferences. The authors were given a chance to reply to the referee. A second referee has been consulted in some cases.

Sincerely yours,

Dr. Cédric Simenel, for the editorial board
