The 13th international symposium on Origin of Matter and Evolution of Galaxies

OMEG2015

June 24-27, 2015
Beijing, China

The 13th international symposium on Origin of Matter and Evolution of Galaxies (OMEG2015) was held in Beijing, China on June 24-27, 2015. As you may know, the symposium was the 13th in a series being held almost every other year since 1988 to discuss the subjects of nuclear astrophysics and related fields.
The OMEG2015 symposium consisted of 20 invited presentations, 35 oral presentations and 16 posters and took place during June 24-27, 2015 in Beijing, China.

The activities of the symposium were partially supported by the National Natural Science Foundation of China (NSFC), China Center of Advanced Science and Technology (CCAST), China National Nuclear Corporation (CNNC), and China Institute of Atomic Energy (CIAE).
